literacy language teaching

this book is about the worlds and conflicts of tesol teachers and researchers whose professional lives are both enriched and problematized by the cultural and political interfaces created by working with an international language central to this discussion is the balance of power in classroom and curriculum settings the relationship between language culture and discourse and the change in the ownership of english

starting from the premise that each person develops a unique and personal code for communication christopher brumfit examines the roles of teachers and learners and the approaches that education professionals should develop in support of learners the book draws upon linguistic psychological philosophical and sociolinguistic principles and uses practical examples from second foreign and mother tongue teaching it attempts to integrate theoretical and empirical work with the practical needs of institutions and of teachers without losing sight of learners needs for free personal choice combined with effective communication drawing upon the author s extensive experience in the field it considers the roles of literature and culture as well as language policy in relation to learners rights and attempts to outline a humane and realistic philosophy for language teaching

this text goes back to basics by investigating fundamental assumptions about the way english should be defined and taught as a foreign language it looks at different attitudes to english teaching and critically examines proposals for course content

the oxford handbook of applied linguistics contains 39 original chapters on a broad range of topics in applied linguistics by a diverse group of contributors its goal is to provide a comprehensive survey of the current state of the field the many connections among its various sub disciplines and the likely directions of its future development the oxford handbook of applied linguistics addresses a broad audience applied linguists

educators and other scholars working in language acquisition language learning language planning teaching and testing and linguists concerned with applications of their work systematically encompassing the major areas of applied linguistics and drawing from a wide range of disciplines such as education language policy bi and multi lingualism literacy language and gender neurobiology of language psycholinguistics and cognition language and computers discourse analysis language and concordances ecology of language pragmatics translation and many other fields the editors and contributors to the oxford handbook of applied linguistics provide a panoramic and comprehensive look at this complex and vigorous field this second edition includes five new chapters and the remaining chapters have been thoroughly revised and updated to give a clear picture of the current state of applied linguistics

h g widdowson has played an important and pioneering role in the development of communicative language teaching theory this book develops a rational approach to the teaching of language as communication based on a careful consideration of the nature of language and of the language user s activities it provides a lucid guide through a subject which is often confused and misrepresented while providing a stimulus to all language teachers to investigate the ideas that inform their own practices

this book has two related purposes the first is to demonstrate the extent and importance of language play in human life the second is to draw out the implications for applied linguistics and language teaching language play should not be thought of as a trivial or peripheral activity but as central to human thought and culture to learning creativity and intellectual enquiry it fulfils a major function of language underpinning the human capacity to adapt as individuals as societies and as a species

providing an introduction this work contains sections on the british empire
